Who is Grace's Home of Heroes?

Located in Hattiesburg, Mississippi, Grace's Home of Heroes believes in providing aid and assistance to eligible, elderly Mississippi Veterans and their families who are in need of receiving help with their daily living activities.

What makes them unique?

Grace's Home of Heroes' goal is to make sure the financial status of an elderly veteran and their family doesn't interfere with improving their quality of life. While there are many other organizations that serve veterans, Grace's Home of Heroes never charges more for a spouse to participate in programs and will provide a housing facility in which veterans and their spouses are charged the same rate.

Their Programs

Grace's Home of Heroes provides free programming to assist veterans and their families including health and benefits and other resources informational sessions. The organization also meets immediate needs such as transportation, medication, and social activities. Its ultimate goal is to open an assisted living facility for veterans and their spouses.

How Can You Help?

You can support Grace's Home of Heroes with a donation to help with the cost of veterans' immediate needs, awareness of resources, and the future assisted living facility.
